Consortium for Asia Pacific & Eurasian Studies (CAPES) invited around four dozen Southeast Asian students belonging from Indonesia, Malaysia, and Thailand to visit Lok Virsa (National Institute of Folk and Traditional Heritage) on Friday, i.e., May 15, 2026. The main purpose of this visit was to introduce these students to Pakistan's rich culture, traditions, and heritage.

Moreover, the tour guide's telling of the rich history of our provinces and traditions made the experience more memorable. It was a good opportunity for the Southeast Asian students to network with other fellows and Pakistani students as well. In the end, they were served with food by CAPES.
